RE: Nursing Services; Chapter 2226 – Laws of 1991

Existing legislation provides certain nursing services and funding for full time students in private schools. Included in these services, based on available state aid, is maintenance of student health records, health screening, and scoliosis screening.

Maintenance of student health records ensures that immunizations and physical exams are up to date. Health Screenings provide annual height, weight, and blood pressure for student's k-8. Hearing for k-3 & 7. Vision for k, 2, 4, 6, 8. Scoliosis for 5 & 7.

In addition, your child will receive emergency nursing services for any school related illness or injury.

This form will be valid for your child's entire time at Immaculate Conception. If at any point, you wish to change your child's status, this form may be downloaded off the school's website, changed, and handed into the nursing office.

_____ I DO give permission for nursing services.

_____ I DO give permission to care for my child but please DO NOT perform any screenings.

_____ I DO NOT give permission for nursing services.

For my child _____ to participate in nursing services for the duration of their time at Immaculate Conception School.
